8/ It is true that, as Mrs Lavelle states in her letter to the Dewan, dated 8th September 1911, one of her daughters yet remains unmarried.

9/ 2. So far as I know, the circumstances in life of Mrs Lavelle are now quite the same as they were when the compassionate allowance to the family was sanctioned in 1907, except that four out of her five daughters have since been married.

10/ 3. It appears to me that Mrs Lavelle cannot find any other means of support as she is an elderly lady than the allowance she has been getting and expects to continue to get from the Government and the Kolar Gold Field Mining Board and in consideration of the valuable services rendered by her father-in-law, the late Mr Michael Lavelle in the cause of the Kolar Gold mining industry on the Kolar Gold Field and also of the sudden and untimely death of her husband, Mr George Lavelle Deputy Inspector of Mines, I beg to recommend the continuance of the compassionate allowance of (1) Rs. 75/- per mensem to Mrs Lavelle for the rest of her life and (2) of Rs. 25/- per mensem to her unmarried daughte

The period has now elapsed and there are now living Mrs Lavelle and one unmarried daughter, and the Question is whether the allowce. of 75 Shd. be Continued to the mother and of 25 to the daughter.

20) It has been proposed in para 13 above to leave the daughter out of Consideration and continue the allowce. of Rs. 75 to the mother. In this case Govtt. would pay Rs. 37.8. & the Mining Bd. Would pay the other Rs. 37.8. It's not very clear whether this is what

Adverting to correspondence ending with your letter No. 699 dated 10th October 1910, in which it was stated that the Government of H.H. the Maharaja considered it was too early to take up the question of the continuance of the compassionate allowance sanctioned to Mrs.Jane A. As you are aware the payment of the allowance is made by Government and the Mining Board in equal portions, and it is therefore requisite that we should know Government's decesion before the question is brought to the notice of the Management of the Mining Companies in London.
